SALES TO POCKET

Four steps.

You start selling the moment you publish. Money only leaves for you once you've verified — that keeps buyers safe.

01

Sell

Publish and share — buyers pay by MonCash or card.

02

Track

Watch earnings climb live, ticket by ticket.

03

Verify

ID + a selfie, once. Reviewed in ~48 hours.

04

Withdraw

Cash out to MonCash or your bank.

PUBLISH FIRST

*Sell now. Verify at **cashout**.*

Don't wait on paperwork. In Haiti you publish and sell your paid event today — identity checks happen only when it's time to withdraw. Nothing blocks you from filling the room.

CASH OUT

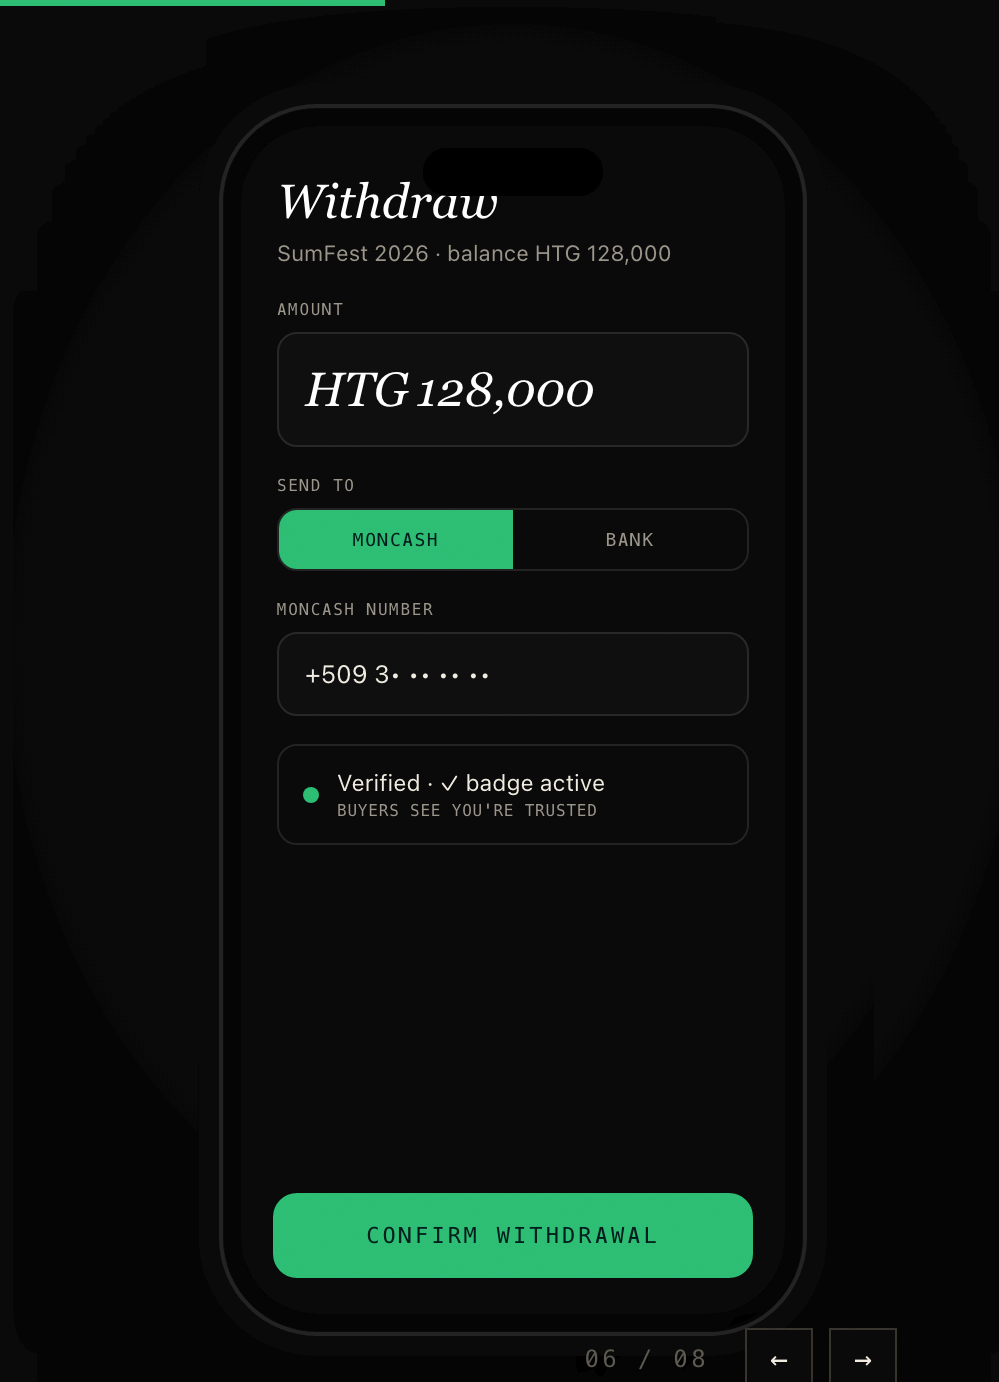

To your pocket.

Send your balance to MonCash or a bank account. Once verified, you carry the ✓ badge buyers look for.

01 MonCash or bank transfer.

02 The ✓ badge builds trust.

03 Withdraw whenever you like.

STRIPE DOES IT

Connect once, paid automatically.

Organizers in the US and Canada connect a Stripe account. It verifies you and pays out to your bank on a schedule — no manual withdrawals, no separate KYC.

YOUR MONEY

*It ends up where it **belongs.***

Fill the room, get verified once, and cash out on your terms. That's the whole deal.
