MANUAL

ON THE NIGHT

Bring your crew. Work the *door*.

01 *Invite staff*

A one-time link, or send by email / phone.

02 *Set access*

Check-in only, or also view attendees.

03 *Scan at the door*

Point the camera — valid or not, instantly.

04 *Look up by hand*

No QR? Find them by name, email, or ID.

05 *Watch it live*

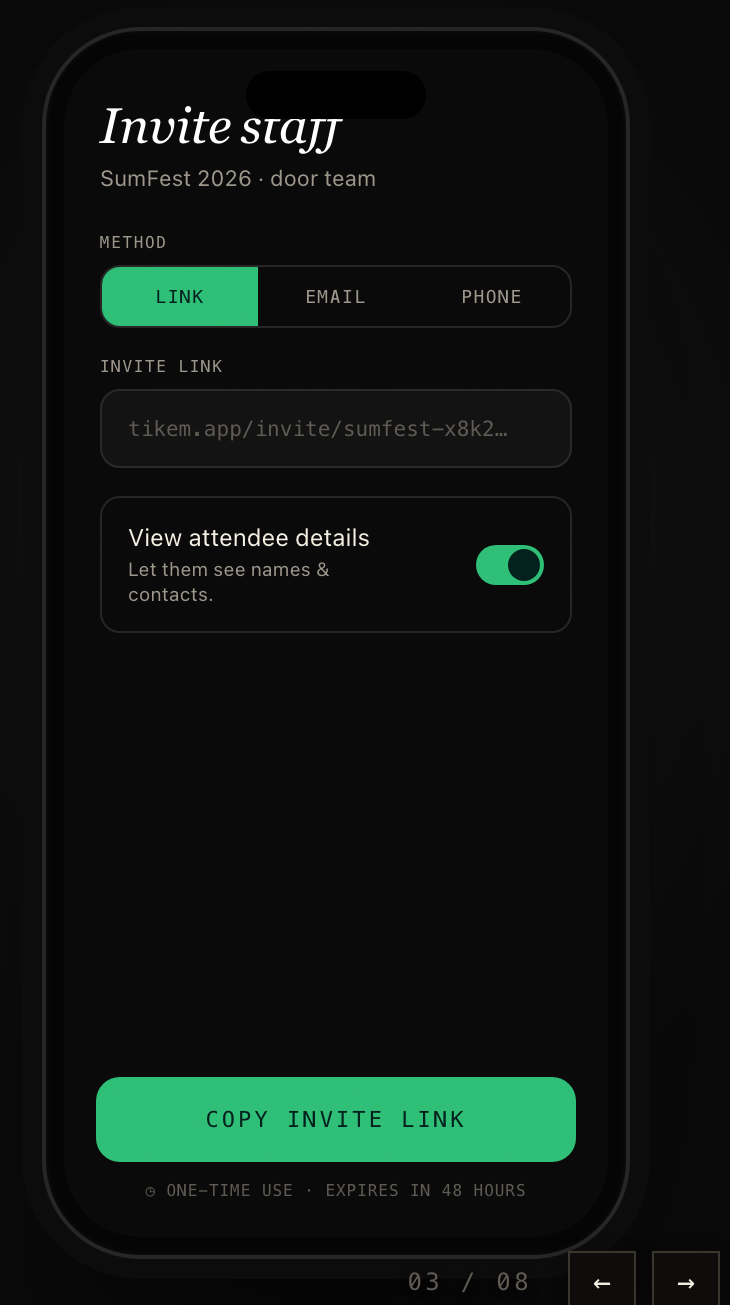

Checked-in & remaining, in real time.

BRING YOUR CREW

Invite, one link.

Add helpers to a single event.
Share a one-time link, or send the
invite straight to their email or
phone.

- 01 Link, email, or phone — your pick.
- 02 One-time use, expires in 48 hours.
- 03 Revoke access anytime, instantly.

WHO SEES WHAT

Just the right access.

Staff get check-in for that event only. Flip one switch if you also want them to see attendee names and contacts.

- 01 Check-in access by default.
- 02 Optional: view attendee details.
- 03 Scoped to one event — nothing else.

SCAN THE QR

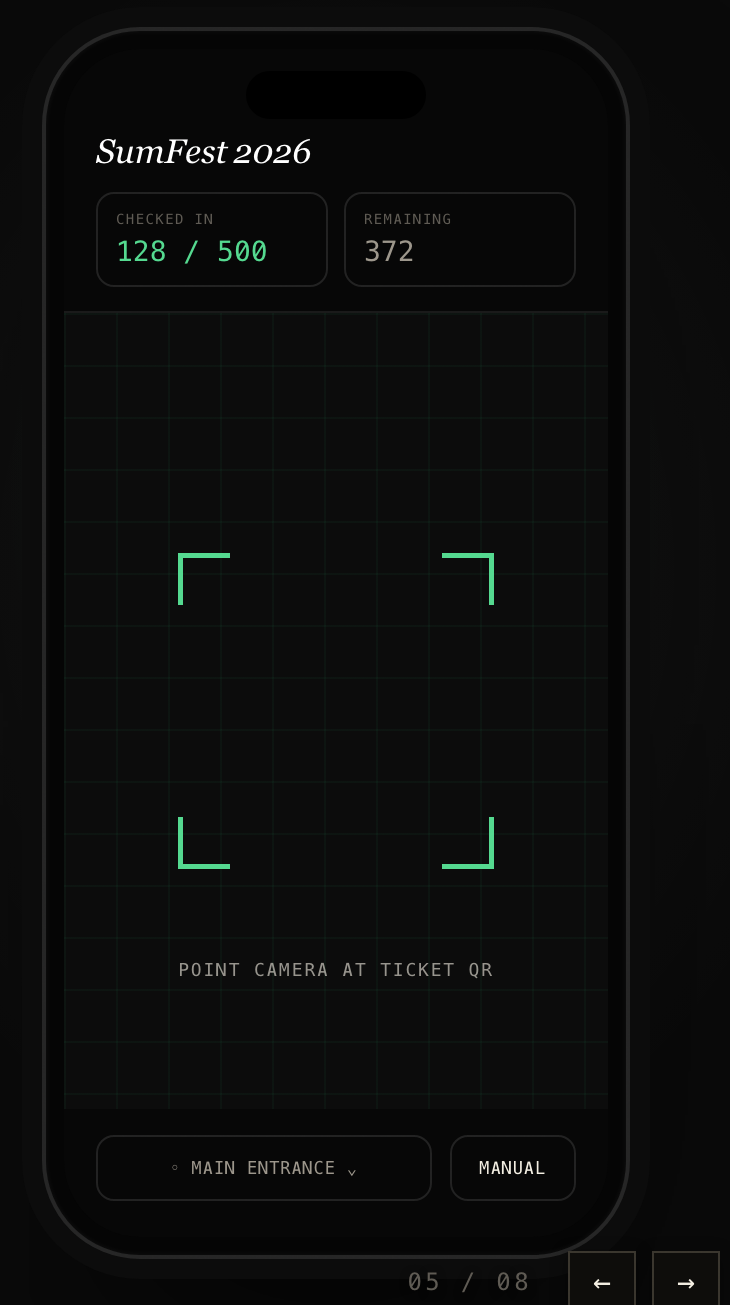

Point. Check.In.

Open the scanner, aim at the ticket QR. Check-ins are locked to one per ticket, so no one slips in twice.

01 Camera scan — works on any phone.

02 Pick your entry point / gate.

03 Double-scan is blocked automatically.

Find them by name.

Phone died, screenshot lost —
search the guest list by name,
email, or ticket ID and check them
in by hand.

01 Search name, email, or ticket ID.

02 See who's already checked in.

03 Export the full list as CSV.

DOOR'S OPEN

*Fill the room — with **help**.*

Invite your crew for one event, hand them a phone, and let everyone in without a paper list in sight.
